

HOME LEARNING WEEK 4, TERM 2 -

Structured Word Inquiry <playing>

What does the base element <playing> mean?

Write as many words as possible that belong in the word family (at least 10). Try to use both prefixes and suffixes. Remember, for the words to belong to the family need to have the same **meaning** and **structure** (spelling).

Once you have written the words into the word family, pick at least **three** of the words and write them as word sums. Remember, you need to say the word sums aloud as you write them.
